About Us

Zhuhai Shuangye Electronic Technology Co., Ltd. established in 2006 and located in the beautiful coastal city Zhuhai. As a professional manufacturer engaged in the research, development, production, sale and service, we are committed to manufacturing electric bike, electric bike lithium battery, charger, lithium battery BMS and electric bike controller.

For years of developing, Shuangye has become a global leading manufacturer in the personal electric transportation field. The elaborate fashionable and green electric bike has advanced the nation rapidly and go forward to the world with steady step. Through years of experience, our products with stable performance and favorable price, enjoy a good reputation in the industry. All the products are certified by EU authorities and various legislative regulations.

Shuangye company is equipped with series of modern and perfect facilities, which enable us to manufacture and develop battery, motor, controller, charger, frame, hub and surface treatment these main parts. At the meantime, we get great achievement in developing of electric bike with lithium battery, quadricycle and special other electric bikes.

As a senior electric bike enterprise, Shuangye company insist in pursuing green transportation. We are developing and expanding rapidly and make contribution to the development of whole industry. We have generally gained recognition and praise from society.

Nowadays, due to characteristic of energy saving, low carbon, safety and convenience, electric bike has become an important transportation tool to thousands of families. For years, electric bike make great contribution of energy-saving to China and the world. Each electric bike reduce half of a ton greenhouse gases every year, equivalent planting 25 trees. Everyone can be ambassador of environmental protection by choosing low-carbon travel. Riding electric bike is the best choice for us.

Shuangye will has always been adhering to the thought of "integrity, concentration, steadiness and innovation", for your dedicated service.
Shuangye A6AH26 Battery: 48V 13AH/48V 14AH lithium battery
Range per charge: 40-80km
Motor: 48V 500W/750W brushless
Max speed: 35-40km/h
Frame: 26" / 27.5" / 29" aluminum alloy
Front fork: aluminum alloy / lockout / adjustable range: 100mm
Derailleur: Shimano 21/27 speed
Tyre: 26"x1.95 / 27.5"x1.95 / 29"x2.1
Brake: Tektro160 disc brake
